

Build Smart

Oriem Capability Statement

Company Overview

About Oriem

We are a manufacturing, wholesale and retail business in the building and construction industry with our foundations being everything concreting constructions. Our manufacturing is focused specifically on steel reinforcement, while our wholesale and retail are based on distributing building products from the leading brands nationally.

A full-service building and construction supply company

Everything, Everytime, Everywhere. Our growth has seen us now focused on a broad service to the building and construction industry. We are a supply company having the key point of difference where clients can look to us as a central supply business as opposed to many businesses for their needs.

Remove complexity and create efficiency for the customer

We remove complexity and create efficiency for the customer by saving both time and the bottom line in many ways. Being a one stop shop for your construction needs gives clients the comfort of ordering from the one point of contact and taking advantage of package pricing.

Managing our customer's needs

We are in the business of managing our customers' needs and managing key components of the supply chain process for them. By selling sequential products we know what comes next and rest on us to take care of this for you.

We anticipate potential roadblocks for our customers

We anticipate potential problems for our customers and consult to ensure they put measures in place to avoid any potential foreseeable roadblocks onsite.

Managing the supply chain of building products and building projects for our clients

We are in the business of understanding what our clients want and making their lives easier through managing the supply chain of their building products and building projects.

Services

Servicing our clients is what we do best, it's been a point of difference of ours for many years. Having full control is key which is why all our services are inhouse in aiding the management of our clients. We make sure we deliver Everything, Everywhere, Everytime!

Timely estimations

With our own scheduling team we will estimate your works and products managing them into full package supply, removing the headaches of dealing with multiple suppliers.

People to talk to

Our team is always open to help. From account managers, internal project managers, estimators and our customer service team, there is always someone here to help with any enquiry.

Timely Transport

Having full control of our internal fleet, Oriem pride themselves on the timely arrival of clients orders. Our fleet consists of prime movers, rigid crane trucks, small tippers and utes. With prior arrangement clients also have the option to schedule orders with different delivery vehicles to help overcome difficult access.

Independent Manufacturer

With independent manufacturing capabilities in steel reinforcement rest assured we have what it takes to get the job done. Also speak to us about our "Urgent Order Service" which is very popular with the last minute Lennys.

Products

Concrete

We offer premium service and a range of concrete options to the industrial, commercial and residential market. From owner builders, to large managed projects, you can think of us as an extension of your business.

Construction Products

Did you know Oriem carry a full range of construction products manufactured by market leaders. From messy clean-ups to stunning architectural floors we got it covered. Repair mortars, self-levellers, polish mixes, silicon's and epoxy's, our Oriem Product Catalogue has our full list of products available to you. Let us know how we can help.

Decorative

Oriem's experience in decorative coatings has a combined experience of over 25 years dating back to the mid 90's. With trends changing so do the products, Speak to us in relation to the current options available in decorative concrete both for internal and external purposes.

Drainage

From large civil projects to backyard patios, precast concrete pipes to plastic pits, we've got the lot! Drainage has changed dramatically over the years with the introduction of heel guard and greater aesthetic values, Oriem carry drainage products of all sorts available to you.

Bar & Mesh

With three locations across Sydney metro we're sure to have your orders covered when it comes to Mesh and Bar. All sizes stocked in all locations, there's no order we couldn't handle. No job too big, no job too small.

Reinforcing Accessories

Scheduled and included on all take-offs, accessories as per job specifications are taken into consideration, quantified and quoted. Relieving this pressure from our customers gives them to time to concentrate on more important things on the project and allowing us to do what we do best, being a one stop shop in all areas of concrete construction.

Slab Type Full Packages

With an in-house team of quantity surveyors and engineers, together we combine our experience to offer complete slab packages start to finish. Be it waffle pod or conventional types, Oriem have various options to fulfil your requirements.

Formwork

Look out, Hi Viz Safe flex is about! Oriem is proud to introduce our very own formwork kit made specially for flexibility, safety and price. Tested to be used a min of 700 times! Its moisture resistance, lightweight and ease of use is proving why it's one of our fastest growing products.

Fitments

Fitments have proven to be a rushed item in the steel reinforcing industry, for this reason most sizes of Lbars, Zbars, and ligatures are a standard off the shelf item.

Expansion & Jointing

Being a reseller of the leading brands, there's nothing in this area we couldn't help you with. Often expansion and jointing options can be the make or break of project deadlines, speak to us with how we could help you avoid potential road blocks and point you in the right direction in choosing the correct system for the job.

Tools & Machinery

Walk into any one of our branches and see our extensive range of tools and equipment ready for work. Hand tools, helicopters, compactors, floor grinders to name a few. The most important things about needing something in a hurry is having a supplier that stocks it.

Safety Products

Nothing's more important than the safety of the workforce, Oriem have developed a comprehensive range which is a step in us showing our commitment to keeping construction sites safe, keeping workers safe and keeping our community safe.
